This program matters.

For the first time in Wyoming history, ANYONE who lives in Wyoming can be an investor in Wyoming. People investing in people. When locally owned businesses thrive, our community thrives along with them. They are key to community wealth and economic health.

Local businesses are critical to our state's economic landscape.

They offer much needed services. They hire individuals from their communities, provide support to other local companies, and bring economic diversification and stability to communities.

Why CREATEWYOMING.COM?

It is the online platform for businesses to advertise offerings, and the hub for investors to identify opportunities. It offers the WIN Supporter Network, a private sector group of businesses providing services to WIN members.
